Dear Parents,

Greetings from Billabong High International School, Noida!

It has been more than two months that we are under lockdown and I am certain that we all have become better in coping with the pandemic, by becoming more resolute, responsible and adaptive in our actions and efforts. We at BHIS also ensured that learning is not disrupted, on the contrary we gradually progressed and ensured better standards of lessons delivery.

The school successfully conducted PTM's for all grades before closing for Summer break. The parents feedback has been extremely encouraging and motivating for the entire BHIS team.

As we now brace ourselves for the end of lockdown and gradually gravitate towards a new normal, we are in receipt of a formal School Resumption Plan from our head office, Mumbai (KKEL) and have created an action plan based on the same for our school, BHIS, Noida. We are hoping to receive fresh guidelines from the CBSE/State government and local administration on the protocols for resuming school. We also look forward to your suggestions and feedback for the same.

However we plan to resume online classes for grades X & XII from 10th June, 2020 and for grades I to IX & XI from 15th June, 2020.

In the interim period of summer break the school has successfully conducted several online activities for primary and middle school learners and have witnessed enthusiastic participation from our learners. The school also organized webinars on career counselling – Making Informed Choices, parent orientations for grades 9th to 12th and more to come..

We express our gratitude to all the parents for your kind words of appreciation, encouragement and motivation towards the efforts of the teachers and the school.

Like all crisis, this challenge too shall pass away and will bring out the best in us to brace a way of life more safe and secure.

Looking forward to your continued support and cooperation as always.

Take care and stay safe!

Regards

Ms Sharmila Chatterjee

Principal
