

CONSTITUTION DAY

On the occasion of Constitution Day, learners actively participated in an engaging classroom activity. They began by reading the Preamble aloud, followed by a discussion on its key terms and their significance. To deepen their understanding, a PowerPoint presentation was shown, highlighting important details about the Constitution, its making, and its historical context. To assess their knowledge, a quiz was conducted, allowing students to apply what they had learned. The activity was highly interactive, and students enjoyed exploring the principles of the Constitution, making the session both educational and engaging.

Some of the other activities conducted were - Role Play on Electoral Politics, Presentation on Forest management: Historical perspective and future strategies

Culmination Grades 3, 4

Culmination was organised for grade 3 on 05th August and grade 4 on 30th July 2024. The event was a big success for all the learners as they participated with full enthusiasm and interesting activities. Grade 3 learners did a role play related to Water Conservation integrated with their Reader Book and Grade 4 learners did an amazing Radio Show related to Dr. APJ Abdul Kalam. The learners also participated in various grammar games. They also prepared various interesting number games including roman numeral games, snakes and ladders, number wheel etc followed by science wherein the learners had done various experiments and made beautiful 3D projects of human skeleton system using wheat dough, matchsticks and chalks and for the respiratory system they created models using pipes and balloons..

Coming to Hindi language, the learners performed a marvellous nukkad natak related to sustainability and the rest of the learners recited hindi poetry with excellent voice modulation and expressions.

INTER HOUSE TEQNET

"Tomorrow's World, Today's Technology."

Technology evolves rapidly, and nearly everyone has witnessed remarkable advancements in recent years. It is crucial to equip students with the skills, attributes, and mindset needed to thrive in an unpredictable future. By fostering problem-solving abilities, critical thinking, and digital proficiency from an early age, we can ensure that learners are well-prepared and empowered for the challenges of the digital age.

IT Fest TeQnet was organized from 6 to 8 Nov, 2024 for grade V-IX & XI by the School IT Department.

Different activities like Minecraft , Scratch, Educational Bot were held during the fest.

1. Inspire Innovate and Integrate - Unlock your open mind (Scratch)
TOPIC: Business using recycling/ Control pollution
2. Minecraft Mania - Let your imagination grow (Minecraft)
TOPIC: Turning ancient into Urban Migration/Build a smart city
3. Virtual Pal-Educational Bot – Build Chabot to connect
TOPIC: Exam preparation/ Career guidance bot

RESULTS

Grades 4-5	: Winner - Freedom; Runners Up - Equality
Grades 6 -8	: Winner - Equality; Runners Up - Freedom, Unity
Grades 9 - 12	: Winner - Freedom; Runners Up - Unity

INTER HOUSE DEBATE

**Grades 6 to 8 Winner-Unity,
Runner Up-Equality
Grade 9 to 12
Winner-Freedom, Peace
Runner Up-Equality, Unity**

Inter House Dance : Winner - Peace, Runner Up - Unity

BHISMUN

'Empowering Voices to Create "Change"'

Billabong High International School, Noida, taking forward the idea of Empowering Voice to Create "Change", in collaboration with the youth led organisation India's International Movement to Unite Nations (IIMUN) hosted BHISMUN 2024 on 19 and 20 July 2024. With the objective to inculcate in the young budding leaders critical thinking skills, problem solving skills and adopting a solution-based approach wherein, they not only define the problem but generate alternatives and solutions that may be implemented, the event aimed at mobilizing the young learners and future citizens of the country towards a global cause and make them 21st Century ready. The goal was to provide young delegates with a deeper understanding of the complexities of international relations, global issues, and the functions of the United Nations.

The committees formed were- United Nations Environment Programme (UNEP) discussing the agenda 'Combating Plastic Pollution'; United Nations Security Council

(UNSC) with the agenda 'Analysing the threat of Cyber warfare in a digital world'; Sports Authority of India (SAI) dealing with the agenda 'India hosting multilateral mega sporting events'; Joint Parliamentary Committee (JPC), which deliberated on the agenda 'Need for a Uniform Civil Code'; United Nations Human Rights Council (UNHRC) which discussed the issue of Human Rights with an emphasis on the protection of marginalised communities in the Kashmir region and International Consortium of Investigative Journalists (ICIJ) which modelled today's world of journalism, print media and social media broadcasting.

The event graced by the honourable guest Lt. Gen. VP Singh, who has a military career spanning for over four decades and has acquired enormous experience in the fields of national security, higher defense management, public administration and intergovernmental affairs. The young learners were appreciated for their efforts and were recognised under the following categories for their respective committees- Verbal Mention, Special Mention, High Commendation and Best Delegate.

The Chronicles of Literary Discourse

The 9th chapter of 'The Chronicles of Discourse' was recently concluded with much grandeur and perfection by Billabong High International School, Noida on 7 and 8 August, 2024. The event was an assortment of ideas from the Primary as well as the Senior wing. It was graced by the presence of the esteemed members of the jury who are experts in their fields. Our honourable Principal Maam, Mrs Sharmila Chatterjee lauded the participants from various schools for their enthusiastic participation as leaders/change makers and polishing their talents, skills and abilities by engaging and participating with the spirit to learn.

The event opened with a beautiful song rendition by the learners of BHISN following which the participants moved towards their respective venues. The Chronicles boast of an amalgamation of well thought out, set of events that aim at nurturing the 21st century skills of the learners- Engaging in discourse, communicating their point of view and analysing the world around with a broader and newer perspective to harness and channelise the talents of young budding learners.

Adolescent Peer Educators Leadership Orientation Program in Life Skills, Health and Well-being: Peer Educator's Perspective 2024

Billabong High International School, Noida in collaboration with Expressions India- The National Life Skills and School Wellness Program, organized the annual Adolescent Peer Educators Leadership Orientation Program: Peer Educator's Perspective on 15 and 16 May 2024. The objective of the two-day program was to develop in students the ability of adaptive and positive behavior, encouraged peer education among students, and focusing and recognizing their inner self in addition to having powerful effective communicative skills.

The theme of the program was **'From Self- discovery to Community Leadership: Empowering adolescents to engage in civic responsibilities through acts of justice, advocacy, volunteerism and compassion.'**

The program was inaugurated by Dr. Jitendra Nagpal, Program Head at Expressions India, who addressed the peer educators and encouraged them to engage in promoting positive emotions, understand the importance of collaboration, take initiatives, and practice empathy and compassion. He also provided the adolescents a deeper insight into the idea of self- discovery and how to be a leader working towards a larger goal.

Lamp Lighting Ceremony

The event saw enthusiastic participation from peer educators of grades VII to XII from thirteen schools across Noida- NCR. The peer educators worked in heterogeneous groups through various mediums including E-Newsletter, Advertising/Jingle, Documentary/Podcast/ Short Film, Entrepreneurship project, Nukkad Natak/Role Play, and Choreography and deliberated on the given theme.

CAREER COUNSELLING

**British Council Career Fair
Connect, Grow, Succeed**

BHIS Noida had the incredible opportunity to host the British Council Career Fair, aptly titled 'Connect, Grow, Succeed'. The event saw enthusiastic participation from 36 prestigious global universities, offering our learners from Grades IX to XII a glimpse into the vast academic horizons that await them.

The fair was a dynamic platform where students engaged directly with university representatives, asking insightful questions and exploring diverse academic paths. From personalized career advice to detailed discussions about courses and scholarships, the event was a stepping stone towards their future aspirations.

**Career Counselling Session on Career
Explorations and Stream Selection**

BHIS Noida proudly organized an insightful career counselling session titled 'Career Explorations: Stream Selection'. The event, held in collaboration with Mr. Jitin Chawla, a renowned career counsellor from the Centre for Career Development, aimed to guide students in making informed decisions about their academic futures.

The session was a remarkable success, featuring a blend of informative presentations, interactive discussions, and personalized guidance. Mr. Jitin Chawla, with his vast expertise, engaged students in exploring various career paths and the significance of stream selection at this crucial stage of their education. He provided valuable insights into the current job market trends, emerging career opportunities, and the skills required to excel in different fields.

**KIC UnivAssist Career Fair -
Empowering Global Aspirations**

BHIS Noida proudly hosted the KIC UnivAssist Career Fair, featuring 8 esteemed global universities that brought a world of opportunities to our campus. Representatives from Drury University, Georgetown University in Qatar, Indiana University, Kansas State University, The Ohio State University, Ohio University, University at Buffalo, and University of South Alabama interacted with our inquisitive learners.

Our learners were thrilled to explore their future academic journeys, gaining valuable insights into international education. With a focus on personalized interactions, students delved deep into discussions about programs, admissions processes, and life on campus, helping them envision their paths ahead.

Dr Anil Swaroop on unlocking the world of Literature through the power of Reading

Billabong High International School, Noida was buzzing with inspiration as Mr Anil Swarup, esteemed author and retired IAS officer, graced us with his wisdom on May 8th, 2024. From his insightful tenure as the Coal Secretary of India to his remarkable literary contributions, Mr. Swarup's journey is a testament to the transformative power of learning. In an exclusive seminar tailored for our dynamic students of grades 9 to 12, Mr Swarup delved into the heart of the matter. His engaging discourse opened doors to new perspectives and ignited a passion amongst young learners. From unraveling the mysteries of literature to navigating the corridors of history, every word uttered by Mr Swarup resonated with purpose and promise.

Mr Swaroop's words of appreciation for the Billabong learners

Interacting with young students is always a great experience. And, when these are as enthusiastic, as energetic, as inquisitive and as well informed as one found at BHIS Noida, it is sheer bliss. The icing on the cake was this booklet of poems by a youngster.

Earth Crusaders...The young heroes, rising to the challenge

Investiture Ceremony...Empowered to lead, Inspired to serve Investiture 2024-25 where leadership begins...

On April 22, 2024, Billabong High International School, Noida organised its annual Investiture Ceremony, a significant event marking the induction of a new set of extremely talented student leaders into various roles of responsibility within the school.

The ceremony commenced with the appointment of the Student Council, comprising the Head Boy- Bhaagyesh Karan, Head Girl- Supriti Roy, Student Council Head Boy- Simmar Singh Hira and Student Council Head Girl- Tara Sushling, along with numerous other posts like Cultural Head, Literary Head, Sports Head, House Captains and a new batch of peer educators and young prefects. Each student leader received their badge of office, and pledged to uphold the ideals of the school, serve their peers and maintain discipline and integrity in the school. This was followed by a heartfelt speech from the Principal, Ms Sharmila Chatterjee, emphasising the values of leadership and discipline. Overall, the Investiture Ceremony served as a beacon of inspiration, marking the beginning of a new chapter of leadership and responsibility within the school community.

Our young changemakers at Billabong High International School Noida took the lead with a Diwali Anti-Cracker Campaign, spreading awareness on eco-friendly celebrations.

Health and Hygiene... Apprising towards self care

Labour Day... The essence of toil and self help

BHIS Noida organized a Fire Drill on the school grounds under the supervision of local police officers. The drill aimed to create awareness among learners about emergency preparedness, safe evacuation procedures, and essential firefighting techniques.

Future- Wise...BHIS Career Cell

BHIS Career Cell at Billabong High International School, Noida embarks on an exciting journey wherein it emphasizes the vital role in shaping the futures of our students. In today's rapidly evolving world, the pathway to career success is more diverse and dynamic than ever before. Our Career Cell is dedicated to providing each student with the resources, guidance, and opportunities they need to explore their interests, set meaningful goals, and prepare for their future careers. We understand that navigating this journey can be both exhilarating and challenging, and our mission is to support you every step of the way. Our team is committed to offering personalized career counseling, organizing insightful workshops, and creating valuable networking opportunities with industry professionals. We believe in the power of education to open doors and are dedicated to equipping our students with 21st century skills and knowledge they need to seize these opportunities with confidence.

At Billabong High International School (BHIS) Noida, the Career Counselling Cell is dedicated to empowering our senior students with the tools and guidance they need to make well-informed career decisions. From the early stages of the senior wing, students are provided with a robust support system, under the mentorship of our experienced faculty members. The school regularly organizes a series of interactive seminars and workshops, both online and offline, to connect learners directly with national and global universities. These initiatives ensure that students have access to comprehensive information about colleges, universities, courses, and their curriculum, in-order to make informed choices.

Our Career Counselling Cell creates a platform for meaningful engagement with higher education institutions, allowing students to explore diverse pathways in greater depth. Through these ongoing efforts, BHIS Noida strives to equip its learners with the knowledge and confidence they need to navigate the complex landscape of higher education and make choices that align with their passions and aspirations.

The Career Cell at Billabong High International School Noida is dedicated to guiding and supporting students as they navigate their career paths and future aspirations. Our mission is to provide a holistic approach to career development by offering a range of resources, personalized advice, and hands-on experiences that help students make informed decisions about their professional lives.

What We Do:

- ❑ Career Counseling: We offer one-on-one counseling sessions to help students explore their interests, strengths, and career options. Our counselors work with students to create personalized career plans that align with their goals and aspirations.
- ❑ Workshops and Seminars: We organize a variety of workshops and seminars on topics such as resume writing, interview skills, and job search strategies. These events are designed to equip students with practical skills and knowledge for their career journeys.
- ❑ Networking Opportunities: We facilitate connections between students and industry professionals through guest lectures, networking events, and internships. These opportunities allow students to gain insights into various careers and build valuable professional relationships.
- ❑ Career Resources: Our Career Cell provides access to a wealth of resources, including career assessment tools, industry research, and information on further education options. We ensure that students have the tools they need to explore and pursue their career interests.

Skill Development:

We focus on developing key skills that are essential for career success, including communication, problem-solving, and leadership. Through various programs and activities, we help students build the competencies needed to excel in their chosen fields.

New Age careers and more...

A session on "New Age Careers and Interdisciplinary Subject Selection" was conducted for Grade 9 students by Jitin Chawla. The session aimed to broaden students' perspectives on emerging career opportunities in the modern world and the importance of choosing subjects from multiple disciplines to enhance future career prospects. Jitin Chawla emphasized how industries are evolving with technology and innovation, urging students to explore fields that combine various skills and knowledge areas. Students were encouraged to think beyond traditional career paths and consider diverse educational avenues that open doors to innovative roles in the future.

"India Connect and Emerging Careers" was conducted for Grade 11 students by Jitin Chawla. The session focused on the evolving career landscape in India and the growing opportunities in various sectors. He highlighted emerging fields such as data science, artificial intelligence, renewable energy, and digital marketing, encouraging students to explore these dynamic areas.

Being cautious while online is the key!

Grade VIII and IX were taken through a session for net etiquettes and cyber security.

The facilitators Bhavini and Mansi stressed upon the need for respectful communication online, such as using current language, safeguarding personal information and being considerate of others, feelings on social media. Then they explored upon cyber security, focusing on how to protect personal data from online threats like hacking and phishing. They discussed about the importance of using strong passwords, being cautious with emails and adjusting privacy settings. The session wrapped up with tips on securing devices and students were engaged to share their own online safety practises. The session was engaging with lots of student participation and questions.

Life Skills *Building confident, capable and compassionate individuals...*

Introducing life skills as a subject in the school curriculum has helped students develop confidence, adaptability and essential real-world abilities. From a Counsellor's perspective, it enhances emotional intelligence, communication and problem-solving skills, enabling better decisions, keeping up in academics, relationships and careers. The goal is to build resilience, critical thinking and stress management, shaping well-rounded individuals prepared for future challenges.

Various workshops, class sessions emphasized on a number of themes that highlighted a myriad aspects of significance and components of life skills in the school curriculum.

A behaviour change or a behaviour development approach designed to address a balance of three areas: Knowledge, Attitudes and Skills.

Through hands-on activities and group projects, our learners learn practical skills such as problem-solving, critical thinking, and time management, which are essential for success in the real world."

Learners in our school learn not just how to succeed academically, but how to be responsible, empathetic, and self-aware individuals-skills that will serve them for a lifetime.

Life skills are integrated into everyday learning, with students taking part in activities like mindfulness practices, goal-setting workshops, and emotional intelligence training to better understand themselves and others.

Our school organizes problem-solving challenges and team-building exercises that encourage critical thinking, adaptability, and creative solutions-skills they can use in every aspect of life.

In our life skills program, children explore topics such as self-care, healthy habits, and emotional regulation through art, drama, and group reflection exercises.

Through role-playing scenarios and simulations, learners were able to practice conflict resolution, emotional regulation, and decision-making in a controlled and supportive environment.

Learners took part in interactive workshops that encouraged self-awareness and mindfulness, using activities like journaling, guided reflections, and group sharing to promote emotional intelligence and self-care.

Incorporating interactive learning methods such as group brainstorming sessions, peer feedback, and collaborative problem-solving allowed students to practice active listening and improve their interpersonal skills.

When learners learn life skills, they feel more competent and capable, which boosts their self-esteem and confidence. This contributes to a positive self-image and overall well-being.

CBSE National Adolescent Summit 2024

Our students showcased exceptional talent and dedication at the CBSE National Adolescent Summit 2024, where they represented our school with great pride and enthusiasm. Their hard work and commitment to learning life skills were evident in their outstanding performances across various categories.

Not only did they demonstrate their knowledge and skills in key areas like leadership, communication, and problem-solving, but they also impressed the judges with their creativity and teamwork. As a result, our learners emerged victorious, winning multiple prizes and accolades, which highlighted both their individual abilities and their collective spirit.

हिंदी दिवस

हमारी मातृभाषा, हमारा गौरव

नोएडा स्थित बिल्लाबोंग हाई इंटरनेशनल स्कूल में प्रार्थना सभा में हिंदी दिवस बड़े ही धूम-धाम एवं उत्साह के साथ प्रधानाचार्या श्रीमती शर्मिला चटर्जी एवं प्रधानाध्यापक श्रीमती अनु प्रभाकर के अध्यक्षता में मनाया गया। कार्यक्रम का संचालन हिंदी अध्यापिकाओं द्वारा किया गया। कार्यक्रम का शुभारम्भ हिंदी प्रार्थना से हुआ जिसमें छात्रों ने विविध कार्यक्रम जैसे - सुविचार, गीत, भाषण एवं अनुस्वार और अनुनासिक पर आधारित लघु नाटिका को दर्शाया। इस अवसर पर विद्यालय में प्रश्नोत्तरी भी कराई गई, जिसमें विद्यार्थियों ने बढ़चढ़ कर हिस्सा लिया।

Independence Day... Remembering the past, shaping the future

Republic Day... Remembering the adoption of our Constitution

Spic Macay

*Where culture meets art,
classical dance is born*

The Spic Macay Chapter of BHIS Noida was organised on the 29 April, 2024. It was done as part of celebrations of the International Dance Day by hosting a beautiful dance performance by noted Kathak dancer, Padmashree Vidushi Dr. SHOVANA Narayan who has trained under Pt. Birju Maharaj, put up a wonderful show and enthralled the audience with captivating movements that recounted tales from Mahabharata.

Day...A journey of self-discovery

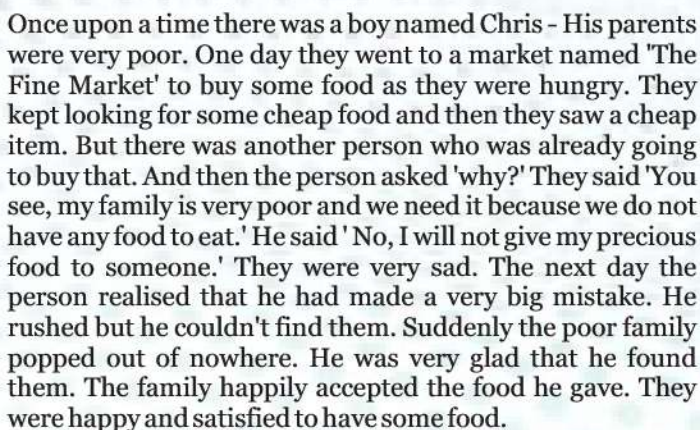

Helping Others, Working Together

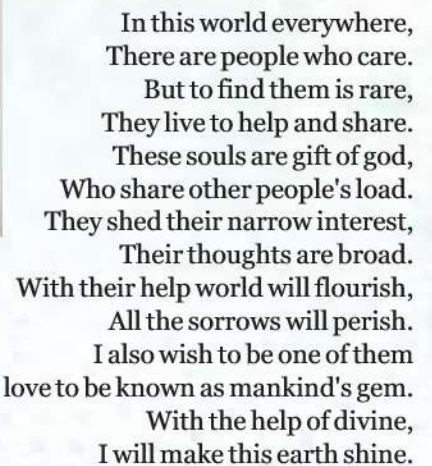

Helping others and working together is important because it makes things easier and brings people closer. It is like a puzzle where everyone has a special piece to add. When we all work as a team, the picture comes together perfectly and we can do big things that might be too hard to do alone. Helping shows kindness and makes others feel cared for while teamwork teaches us to listen, share and support each other. Working together makes the world a happier and better place for everyone.

Helping others is a significant gesture of humanity. When we help someone, we feel amazed to see their happy face and happiness in our life too. Help others with good intentions and a pure heart. After helping someone, one should not wait for them to thank you or pay gratitude for your help.

Satvika Chaudhary-3A

Reyansh Srivastava-3A

Mahika Panwar-3C

I can make a difference...

Can I make a difference? I'm just an 8-year-old girl and a tiny part of this whole universe, but then I read about "Dashrath Manjhi" who carved a path through the hill only using a hammer and chisel to help sick people reach the hospital on time. If he could make a difference by doing his part, why can't I?

I can also make a difference by saving water while brushing my teeth, turning off the lights when not needed, and following school rules to make school a better place. I can also help my friends to complete their homework when they miss school.

I believe these small efforts can bring a change someday. As it is said:

"Thousands of candles can be lit from a single candle."

Vanee Agarwal-4B

Every one of us has the power to make a difference. Making a difference means doing something positive that helps others. Like, you can make a difference by picking up litter in your schoolyard or helping a friend who is feeling sad. Even small acts of kindness or saying nice things can brighten someone's day.

When we work together and support one another, we create a friendly place to learn. We can also make a difference by being a good listener and respecting our classmate's idea. Even good deeds, no matter how tiny, add up and can inspire others to do the same.

Remember, being a caring and responsible person makes a difference in the world. So, let's all try to do our part and spread kindness wherever we go!

Devansh Saharawat-4C

By being helpful, I can help needy people in any situation. I can help those people who live in old age homes. I can make them happy from my funny activities. I can share like their family. I can play some awesome games like chess, Ludo, etc. It can help those children's lives in an orphanage because they don't have their family. I want to give them gifts like books, stickers, colors, stationary items, and some tasty food. I can help those people who are homeless due to some natural disasters like earthquakes, tsunamis, etc. I will contribute some money for them to survive.

Inaya Duggal-4C

To make a difference in someone's life, you don't have to be brilliant, come from wealth, be beautiful or perfect. You just have to care enough and be there. I can also make a difference in the world by just recycling the waste and use public vehicles instead of private vehicles. Just giving needy people food or money wouldn't make us poor, instead they will get happy and give us blessings. It will make a difference in their life. Making a difference in a person's life will not harm us.

For me, effort is the most important factor in making a difference in a person's life or the world.

Kavya Srivastava-4A

I can make a big difference in the wide world around me by taking simple and efficient actions that could set an example of having a good routine, showing kindness or making people smile etc. As people often say, every little step can make a major difference. So, I thought that to spread a positive impact around my friends and family,

I decided to take an inspiring initiative by bringing back morning walks into the latest generation once again. I planned to start this habit and changed my time to wake up to 30 minutes early and went out. Soon other people joined me and formed a daily morning walk. That is how I made a difference in my society.

Niharika Chandra-4B

If I say I can make a difference, it means that I have the ability to positively impact a situation, person, or the world around me through my actions. It is a desire to contribute to a positive change. It may even be a small action which will encourage people to participate actively to make the world a better place. It can be by giving my time, donating my skills, donating to charities and speaking for awareness in people. By small acts of kindness, we can change people's mindset. I will always have a positive mindset and not a pessimistic approach towards things and people.

Sulayman F. Mir-4A

The Role of Education in promoting Peace and Equality

Education plays a pivotal role in fostering peace and equality by equipping individuals with the knowledge, critical thinking skills and empathy needed to understand diverse perspectives, resolve conflicts peacefully, and challenge prejudices. Education encourages a sense of harmony. Value education has a paramount role to play in creating a society that is tolerant, humans, socially cohesive and ethically righteous. If knowledge is left without being tempered by values and morals.

Ashvi Rana-5D

Education promotes peace and equality as everyone gets equal knowledge and rights to study. Everyone has a right to equal education, as some do not promote it but it can change things as we are the future of today and tomorrow. There will be no quarrels and violence for knowledge. Education should be in every corner of the world. Also knowledge should be given in a way in which there is no discrimination of gender, family background or financial background. Some children have a lack of knowledge. It could be any reason. Instead of laughing at them we can help by giving knowledge in the form of our old books and notebooks. If knowledge is everywhere there will be equality for education.

Even some kids are really compassionate in sports, academics, in writing, reading or could be anything but, they can't fulfil them the reason could be lack of family support, financial backgrounds. Education can lead to great inventions and solving minor or major violence.

"Until we get equality in education, we won't have an equal society"

Prisha Maheshwari-5B

Education plays a critical role in promoting peace and equality by empowering individuals, fostering mutual understanding, and dismantling the barriers of ignorance and prejudice. Education teaches students about diverse cultures, religious, and perspectives, encouraging mutual respect and empathy. It promotes gender equality by empowering women and girls, ensuring they have the same opportunities as men and boys. Education equips people with the tools to question stereotypes, biases, and unjust systems. It fosters problem-solving skills that can be applied to resolve conflicts non-violently. They encourage students to value dialogue over aggression, fostering peaceful coexistence. Education instills a sense of shared humanity, emphasizing interconnectedness in addressing global challenges like climate change, poverty and injustice. Educated societies experience lower crime rates and more stable economies, reducing the tensions that can lead to conflict.

Ayansh Singh-5B

Education is a tool that promotes transforming and bridging the gap between unequal distribution of power and privilege between different people in the society specially in our country India. Here the caste, class, gender, inequality remains significant. Education impacts knowledge skills, value that are important for the development of the country. Education prepares a child for a responsible life and actively participates in social equality, not bullying each other. Education boosts confidence and hope. When peace and harmony are maintained, things will continue to run smoothly without any delay. It is no less than a golden ticket to enter a new and bright future for mankind. Moreover, everyone plays an essential role in this so that everybody can get a more equal and peaceful world.

Education helps us learn how to be kind and polite to everyone. In school we learn about different histories, emotions, different cultures and geography. We learn to understand each other better. It helps to solve fights peacefully and stop fights and misunderstandings. When we all learn the same things, it makes the world a better place to live because everyone has the same number and choices of opportunities to grow and succeed in the future. Education shows us that everyone is equal, no matter where they come from. It makes a world where everyone is treated equally and with respect. By learning together, we can help create peace, be friends with everyone, and treat each other with kindness. This way, we can build a world full of respect and fairness for all.

Aarav Jain-5B

Education helps us learn how to be kind and polite to everyone. In school we learn about different histories, emotions, different cultures and geography. We learn to understand each other better. It helps to solve fights peacefully and stop fights and misunderstandings. When we all learn the same things, it makes the world a better place to live because everyone has the same number and choices of opportunities to grow and succeed in the future. Education shows us that everyone is equal, no matter where they come from. It makes a world where everyone is treated equally and with respect. By learning together, we can help create peace, be friends with everyone, and treat each other with kindness. This way, we can build a world full of respect and fairness for all.

Ishi Dalmia-5A

United for a Greener and Safer Tomorrow

In the magical Forest of Narnia, animals of every kind lived together peacefully and happily and dwarfs lived with unity and equality. The wise owl, Wink, called a meeting one day. "Our trees are getting cut for various uses, the rivers are drying, and we're arguing over food. If we don't unite, the forest will crumble." Said Wink

The animals listened. The mighty bear stopped taking more than his share of honey. The clever fox taught others how to share resources among them. The herd of deer planted new trees for forest's growth in future. And the wise owl told the dwarfs about the importance of trees.

Soon, the forest grew lush again. The forest became beautiful with rich green grasses and gorgeous and fragrant flowers. Birds sang, rivers weren't dry anymore, and the air smelled of fresh blossoms.

"Together, with peace, respect, equality and unity we saved our home," Liora said. From that day, the forest shined, teaching all that unity heals Earth.

Aarav Thakral-6A

The Day Earth Spoke

One day, something wonderful happened. The Earth started to speak!

Its voice wasn't loud but soft, like the wind, rivers, and leaves. At first, people thought it was their imagination, but soon everyone—in cities and villages—heard the same words.

"My children," the Earth said, "I have given you forests, rivers, and skies. But I am tired because of the harm you've done. You must work together to heal me, or I cannot help you anymore."

Everyone was shocked. Leaders of the world held meetings, and scientists tried to understand what was happening. But while adults were confused, a group of children decided to act.

A girl named Aanya and her friend Carlos formed a group called "Earth Guardians." They listened to the Earth's whispers. "Plant trees, clean rivers, and teach others to care for me," the Earth told them.

The children started small. They planted trees in parks, cleaned trash, and taught people to waste less. Soon, others joined them. Videos of their actions spread, and kids from all over the world—from snowy places to deserts—helped too.

Adults began to notice. Cities reduced plastic, farmers worked in better ways, and factories became cleaner. The Earth's voice grew softer. One evening, it said, "Thank you. You have remembered that you are part of me."

Years passed. The children grew up but never forgot the day the Earth spoke. They became leaders, scientists, and teachers, helping others care for the planet.

The Earth's voice was never heard again, but its message stayed alive. People learned that by working together, they could save their home.

Soumil Thakral-6A

Under the Same Sky- Celebrating unity with diversity

Under the same sky, we all stand tall,
From different places, we answer the call.
Our hearts are one, though our parts diverge,
In friendship and love, our spirits surge.
Colours of many, voices that blend,
In unity we find, the strength to mend.
We cherish our differences, embrace every part,
United we stand, with one beating heart.
In peace and harmony, we aim to fly,
Together as one under the vast sky.
Sharing our dreams, with hopes that soar,
Our bond grows stronger, forever more.

Pragnay Jaiswal-6A

The day Earth brought a change

On one hot summer afternoon, Earth saw that the cities, hills and oceans in it were a mess!

The Earth had had enough of the people living on it. The Earth said, "Everyone! Let's love the Earth like we love ourselves. Let's join, discuss and keep our surroundings and hearts clean." The people, feeling ashamed of themselves for not following their responsibility, took quick action.

Communities were made, meetings were held and people cleaned up their mess. Earth, now being proud, relaxed as it was another peaceful day in everyone's lives.

Vaanya Rana-6B

Seeds of Change

In a quiet town, a young teacher named Sarah noticed a new student, Liam, sitting alone at lunch. His worn clothes and quiet manner said something. Sarah, sensing his loneliness, sat beside him and offered half of her sandwich. "Would you like to share?" she asked kindly.

Liam nodded, surprised by the gesture. Over time, his classmates noticed the change in him and began including him in activities. Inspired by Sarah's act, the school started a "pay-it-forward" initiative, encouraging small acts of kindness.

The kindness spread beyond school, uniting the community. Soon, the town, once divided by wealth and status, came together. Liam, now confident, spoke at the year-end ceremony, saying, "I used to feel invisible, but now I know I matter."

Sarah's small act of kindness had created ripples of change, proving that even the simplest gesture can bring equality and connection.

Batool Zahra- 6B

How Small Acts of Kindness Create Ripples of Equality

Small acts of kindness hold the incredible power to spark change in a world often characterized by inequality, whether coming from socioeconomic differences or discrimination. Simple gestures, like offering a warm smile to a stressed cashier or lending a hand to a neighbor with their groceries, plant seeds of empathy and understanding that can inspire others. This ripple effect not only builds a sense of community but also encourages collective action, shifting societal attitudes toward fairness. By incorporating empathy training in schools and showcasing real stories of kindness, we can cultivate a culture where equality thrives. Each action, from donating supplies to acknowledging someone's worth, plays a part in creating a more just world, generating waves of methodical change and demonstrating that kindness is vital for a brighter future.

Sean Jacob Mathew-6C

Student life is often depicted as a time of carefree fun, endless socializing, and new beginnings. However, the reality is much more complex. For many, it's a journey of balancing academics, forging new friendships, and managing the pressures of adulthood. The challenges and triumphs encountered during these years are what make student life an unforgettable experience.

Despite the excitement and opportunities, student life can also take a toll on mental health. The constant pressure to succeed academically, maintain a social life, and plan for the future can be overwhelming. It's not uncommon for students to experience stress, anxiety, or burnout during their studies. Thankfully, many universities offer mental health resources, such as counselling services, workshops, and peer support groups, to help students navigate these challenges. Taking care of one's mental well-being is just as important as academic success. Finding a balance between work and rest is crucial to thriving during these formative years.

Student life is a time of self-discovery, growth, and challenge. While it can feel like a rollercoaster, with its highs and lows, the experiences gained during these years lay the foundation for personal development. Whether it's the academic achievements, the friendships made, or the lessons learned through adversity, student life is a unique journey that shapes who we become.

S Lalith Athithya-6C

Student Life

Student life, a chapter so wide,
A journey with dreams that we can't hide.
Through early mornings and long, late nights,
We chase knowledge, reaching new heights.
In crowded halls and quiet rooms,
We find our purpose, break through the gloom.
With pens in hand and books piled high,
We search for answers, ask, and try.
The struggle is real, the pressure is strong,
But it's all part of where we belong.
Each failure teaches, each victory sweet,
Building the person we're meant to meet.
Friendships bloom, both near and far,
Laughter shared beneath the stars.
The bonds we make will always last,
As we move forward, leaving the past.

Student life, a fleeting dream,
A time to grow, a time to gleam.
Though it ends, the lessons stay,
Guiding us in life's endless way.

Divam Kathpalia-6C

Under the Same Sky

Celebrating unity in diversity.

The term "Unity in diversity" refers to the state of togetherness or oneness in spite of presence of immense diversity.

"It is a concept where the individual or social differences in physical attributes, skin colour, castes, creed, cultural and religious practices, etc. are not looked upon as a conflict. Rather, these differences are looked upon as varieties that enrich the society and the nation as a whole.

Unity in diversity is a very important principle because we all live in a diverse world and it is crucial to respect each other and to support each other no matter what our culture, background, gender, orientation or other differences may be"

Aashee Dev-6C

A tale of how Earth inspires humans to work together

The Day the Earth Spoke
The Earth awoke and softly cried,
"Together, you must set aside
Your struggles, fears, and endless wars,
For peace and love are at your door."
The rivers whispered, winds did call,
"Unite, rise up, and stand for all.
Protect the land, the sea, the sky,
For in your hands, the future lies."
And so the people heard her plea,
Bound by a hope they'd never see.
They worked as one, both strong and true,
To heal the Earth, and start anew.

Avyan Nath Saxena-6C

A seed of Kindness

A single seed, so small and slight,
Planted with care, in morning light.
A gesture kind, a helping hand,
A listening ear, across the land.
It breaks the ground, a tiny shoot,
Reaching for sun, a hopeful root.
A word of grace, a smile so bright,
Can banish shadows, make things right.
That tender sprout, it grows so tall,
A shelter strong, for one and all.
Equality's bloom, a vibrant hue,
Where kindness thrives, and spirits renew.
So plant your seeds, with loving care,
A kinder world, beyond compare.

Rudransh Gaur-6A

One quiet day, the Earth spoke loud,
Her voice like wind, clear and proud.
"Take care of me," she softly said,
"Without your love, I'll soon be dead."

"Treat each other with gentle care,
Share the world, it's only fair.
Let peace and kindness guide your way,
To make tomorrow a brighter day."

The trees, the seas, they joined the plea,
"Protect us all; let us be free."
The Earth grew silent, her words were done,
And a new hope had just begun.

Reyansh Sood-6B

The day earth spoke-A tale of how earth inspired humans to work together

Once upon a time there lived a lot of people on the earth. They never talked to anyone. They never tried to talk. Earth was worried about it. He planned to keep a very heavy stone in between the path of someone's home. When the person came he yelled "who did this!". Nobody answered. Then a man went to help. Two more people came. Then a lot came to help. Then they all succeeded in removing the stone. Then earth taught them to always work together. Then they all became friends.

Aariz Khan-6A

Though miles apart, we share the night,
Under the same sky, stars shine bright.
The moon whispers secrets to both our ears,
Bringing comfort, easing fears.

In every dawn and twilight hue,
I find a piece of me in you.
Our hearts connected, spirits high,
Together always, under the same sky.

Anay Singh-6C

Under The Same Sky

Even when we are miles away, we share the night,
looking up the sky, makes stars shine bright.
Under the same sky, we gazed at,
the moon shows the light we share.
The stars find the smile in us,
shares our thoughts in each other's ear.
Our hearts connect,
through the same sky,
We will always be,
under the same sky.

Vedhika Vipin-6A

Under the same sky, people from different lands gathered

Their languages, clothes, and customs were unique,
yet their hearts beat as one.
They shared stories, laughter, and traditions,
celebrating both their differences and unity.
Children danced, elders shared wisdom,
and hands joined in friendship.
The sky above reminded them that,
despite their diversity, they all lived on the same Earth.
Together, they vowed to protect the planet,
fostering peace and respect for every culture and every life.

Shourya Chauhan-6B

A smile to a stranger, a hand held tight,
Lifts hearts from the shadows, brings them to light.
In whispered words of comfort, softly spoken,
A chain of goodwill, unbroken, is woven.
A single kind gesture, a selfless deed,
Can spark a movement, plant a seed.
Ripples expand with every touch,
A world of equality begins with much.
For kindness, like water, spreads far and wide,
And in its embrace, all hearts collide.

Ritwik Atri-6A

Let's forget our divergence and come together at once
 Quit out of the wars and have equal runs
 Abandon your variety of thoughts and listen to others
 Make peace and spread joy to one another
 Soar up high into the sky in your life
 Maintain unity with others and you will thrive
 From small steps to the great heights
 Everyone shall celebrate for their rights
 Come together as an inseparable group
 Learn from others and become a strong troop
 Celebrate together in eternity
 Celebrate unity in diversity

Paavni Dubey-6A

Siddhant Aggarwal-6A

Reach for the stars, though skies may grow dim,
 Every challenge faced strengthens within.
 March on boldly, let doubt never sway,
 Always let purpose light your way.
 In your heart, let passion ignite,
 Never surrender; hold to your fight.
 Under the weight of trials, stand tall,
 Never let fear cause your spirit to fall.
 With every step, your dreams take flight,
 As shadows yield to the power of light.
 Victory whispers to those who endure,
 Even in struggles, the goal is sure.
 Remain steadfast, no matter the strain,
 In your belief, true strength will remain.
 Never stop seeking, through dark or bright,
 Grow with resolve; your truth is your might.

Tanishi Rastogi- 7A

In life's great journey, long and wide,
 You'll face steep hills and crashing tide.
 But fear not, my friend, for though it's tough,
 The secret is simple—never give up!
 Don't be discouraged by a single night,
 The darkest hour precedes the light.
 When failure knocks and whispers "quit," Stand firm and say, "I won't submit."
 Keep pushing forward, through thick and thin,
 Success is waiting, just begin.
 So never give up and fight
 Success never comes in one Night.

Aadyant Singh- 7A

There once was a soul with great might,
 Whose spirit shone through darkest night.
 She faced many a test,
 But never took rest,
 And rose up, shining with new light.

Aprajita Sen- 7A

When times get tough and the skies are gray,
 Don't let your dreams just slip away.
 With every fall, you'll find your way,
 Keep going strong, day by day.
 So when it feels like giving up,
 Remember, you'll rise — just fill your cup!

Adveik Badola-7A

Never let dark clouds doubt your way
 Every step you take is brighter than yesterday
 Victories lie where persistence and resilience flows
 Even when hopeless, the warrior of the mind grows
 Rise from the darkness, stronger each time
 Great things take time-so start small
 Identify your dreams, however tall
 Value each moment, it helps you thrive
 Every day brings a chance to grow
 Until you win, don't let go
 Push yourself-you'll shine and glow!

Ilisha Mitra-7A

Never let the storms darken your way,
 Onward you move, come what may.
 Through every challenge, you stand tall,
 Grit in your heart, you answer the call.
 In moments of doubt, you'll find your strength,
 Victory is earned, no matter the length.
 In the silence, you'll hear the hope,
 Never surrender, learn how to cope.
 Go forward, with courage, don't retreat.
 Under the weight, still you'll rise,
 Pushing through, toward brighter skies.

Rishik Srivastava-7A

A bird with feathers,
 Without support of others,
 learns to fly high in the sky
 I don't understand little ones so dear
 how you do not ever fear
 when you learn new things
 while flapping your wings
 A bird teaches us many things,
 one should have strength from within,
 to be fearless and hopeful are the keys
 to realise that we are unique
 With every fall, you rise again,
 And though you stumble,
 you learn to sustain,
 The wind beneath, a gentle guide,
 That lifts you up, and helps you glide.
 In your sweet song, a melody,
 A symphony of hope and glee,
 You trill and chirp, a joyful sound,
 That echoes loud, and spreads around.
 And when you soar, up in the blue,
 Remember, dear one, so do you,
 For you too have wings, though unseen,
 And strength within, to rise and gleam."

Pival Aggarwal- 7A

Be the person you want

See what you are fond
 Live in the world you want to live
 See the dreams you wish
 And then remember today
 Standing in solitude
 Remembering the older you
 taking another chance
 to live in peace and calm
 Every time the time falls
 See the future you want
 Make it the world of dreams
 And master it with a lean

Be the person you want
 See what you are fond
 Be the person you want
 see what you are fond

Be positive
 Be positive
 Be positive

Yuvraj Singh-7A

Not even through some sandy storms
 Even not through snow
 Venturing to the other side
 Even then I wouldn't give up
 Rain will never stop me
 Growing fast and strong
 I will go on far beyond
 Venturing, I will never give up
 Even though I might stop along the way
 Up and up will I go
 Persistence wins, so I will never give up

Manan Singhal-7A

When the going gets tough, don't despair,
 Keep pushing, and soon you'll be there.
 With each step you take,
 A new path you will make,
 For success is found through your care

Dhruvi Singh-7A

Find your path, where hope resides,
open your heart to where it guides. passion lead you
through the night,
your spirit, take flight.
overcome the doubts that stay,
walk with courage, come what may.
journey's just begun,
open doors to the rising sun.
under stars, you'll make your way,
reaching dreams, come what may.
dare to dream, and never fear,
rise above, the goal is near.

Daiwik Bhargava-7A

There once was a dreamer, so bright,
Who chased after stars and moon through the night.
Though the path was full of hurdles with fear
They pushed past the fear,
And reached every goal in their sight.

Mischka Bannerjee-7A

Through the darkest night and stormy skies,
With each step forward, I'll rise.
For every challenge and every test,
I'll strive to do my best.
I'll never give up, never fall behind.

Yatharth Singh-7A

Never give up,
Cause many difficulties will pop up,
Do not lose your way,
In the darkness of life's way,
Believe in yourself and your dreams cause it's always
possible to accomplish anything

Parth Viveksheel- 7A

When things get tough, and hope is low,
Remember this, and let it grow:
Keep trying hard, don't ever stop,
You'll reach your goal, right at the top.
Don't let setbacks bring you down,
Face challenges with a frown turned upside down.
With every step, you'll get more strong,
So keep on going, all day long.

Riana Bansal Singh-7A

Don't ever give up!
Follow your aspirations
and dreams.
And you will succeed.

Jiya Rajput- 7A

Certainly, it's true that money can't buy happiness, but it surely can make us proud in this situation. Every Einstein will be proud and extraordinarily happy if they get rewarded for good grades. That surely does not depict greediness. Imagine students calculating their allowance based on test scores. Paying students for grades is the perfect motivation as it gives every student confidence, and joy. Wouldn't it be surprising if the 'I wish I could pass' students are among the toppers! A little cash might just be the spark that turns homework into a win for everyone. After all, investing in education is investing in a brighter future!

Kashish Bansal-7B

Happiness of living with Grand-Parents

Many children live with their parents but away from their grand-parents. Yes, they do visit their grand-parents but they don't stay there for long. As I live with my grand-parents, I can tell that they miss on many happy and fun moments. I play many board games with my grand-parents. I enjoy every moment of that game. With my grand-parents I laugh, talk, and do many other things and, the day just passes by in minutes. They tell me many folklores, mythological stories and their experiences, which I enjoy to the core and learn a lot. When they go out to different locations like my native place, or different cities for a few days, the time just seem to stop. My days just don't pass quickly. There are certain rules and regulations and discipline when we are all staying together, but instead of getting irritated, it just makes us a better person. I am blessed and happy to have my both set of grand-parents around.

Prayan Kumar Rath-7-B

When the road of life is hard,
it's easy to want to give up.
But even when it's hard to get up,
even when your life is falling apart,
you have to keep going.
The whispers of your heart may tell you to quit,
but you have to keep going.
No matter how hard the little curves of life are you have to
get up.
Don't let the others win
NEVER GIVE UP!

Shreyansh Sharma-7C

Why to slow down, when you can speed through problems?
Why to stop, if you're already succeeding in life?
If you're ever feeling down,
don't worry about it and move on ahead in life.
Everybody has problems, some stop or some slow down,
But you, my friend, are going to speed up to speed past them!
Everybody can succeed, it just depends on their confidence.
But not everybody has it in their lives to get their dreams,
But you, my friend, are going to succeed!
If you're wanting to give up on your dreams, then life's road
is gone for you
Never give up on your dreams, then only you will succeed!

Samar Rana-7C

Try try try!

Try as hard as a kite in calm
Chasing the other kites to reach its victory
Chase the success like a lion reaching for its prey
Chasing your chance at every step of life
If you don't reach the success, don't back away and cry.
Wipe your tears and try again.
Every step you take, the closer you get to your goals.
So never give up and continue going.
Keep in mind, one day, you'll get to your bright day

Saanvi Padhy-7C

Chase the distant star,
Through storms,
your heart stays steadfast
Dreams bloom in courage.

Devangi Goswami- 7C

Never let down your dream
Each step counts
Victory will be achieved
Even if everyone is against you
Rise to the top by:-
Giving it your best
"I can do it" repeat it in your head
Victory is hard, you won't have time to rest
Enormous obstacles in your way
Uranium can be found with digging
Path isn't clear you have to find your way.

Aayaan Arora- 7C

The moment you're ready to give up is the moment
where a miracle happens.
If you give up you won't have the feeling of something
big accomplished of your shoulders
You should never give up in life no matter how difficult it is.
Giving up in life is like having no friends and family.
Dont let selfish people win over your goal
and be left behind the dark.
You should pounce right back at them and never give up

Shreyansh Guleria-7C

No one can know my secret
Or I will get angry and mutter
That why did you poke your nose
All that is mine to treasure
Go away and don't come back
As these are my dreams, mine alone
I choose not to trust and share
Not again, not again

Nirvaan Dhyani-7C

That's all for today
Hope you have a great day
And hope we meet soon
Not never but soon
Keep being happy and never Sad

Mohammad Arif-7C

Follow your dreams
Make sure you achieve them
Follow your dreams
No matter how much you need to bend
Follow your dreams
Follow them till the end
Follow your dreams
Be strong enough to defend.

Shaurya Maheshwari-7C

Always working towards my dreams.
Challenges make me stronger.
Hard work helps me move ahead.
I learn something new everyday.
Every effort teaches me something.
Victories come from never giving up.
Even small achievements make me proud.
My journey is built with patience.
Every mistake is a chance to improve.
Never stop believing in myself.
Time and practice lead to success.
Success comes when I stay focused.

Twisha Kaur- 7C

Never give up, never stop, never rest
till you reach the top if you can't fly, run;
If you can't run, walk;
If you can't walk, crawl
but by any means keep moving
Giving up is like no purpose in life,
no purpose, no meaning of life.
Even if you fall, get back up
but never stay down.
You will never know the potential in you
until you try and work hard on your dreams
Never let someone judge you,
prove everyone wrong by achieving the impossible

Samaksh Saxena- 7C

Never give up! Never give up!
the life consists of downs and up!
You have the courage to fight with difficulties!
you have the strength to achieve success!
NEVER GIVE UP! NEVER GIVE UP!
there are many people to criticize you
there are many people jealous to you
NEVER GIVE UP! NEVER GIVE UP!

Samyak Jain -7C

Dare to walk in ways we are afraid to show, as this is where
growth begins.
Open your heart and do not feel low.
The strength to rise stems from what you know.
You must meet problems with courage, elegance, and
steadfast wrath.
Every step teaches you what lies ahead.
Remember that hope fuels dreams throughout life.
But dreams alone are not sufficient.
When things are bad, you need a team to pull together.
With each step, you'll move closer.
Stay concentrated and don't give in to fear.

Tanishka Singh-7C

Dreams are whispers, soft and bright,
They glow like stars in the silent night.
Overcome doubts that try to bind,
With every step, you'll have peace of mind.
The road may twist, the winds may blow,
But keep your head high, and you will grow.
When doubts surround and clouds appear,
Trust your heart and have no fear.
Dreams take time, but never stop,
Reach for the stars, rise to the top.
Through storms and struggles, keep your pace,
Your dreams will lead you to a brighter place.
So follow it, chase it, and go,
No matter how fast or how slow.
With courage, you'll find,
That the dream's in your mind,
And you'll conquer the world, this you know!

Ananya Thakur-7C

When faced with an obstacle so bright,
Don't give up with fright and keep fighting with might.
Persist through the test,
And try to do your very best,
And success will surely come if you never give up.

Parnika Tyagi-7C

A Call for Unity: Shaping a Peaceful Future!

As someone born and raised in the twenty-first century, I believe it to be my birthright to promote peace and equality. The world has improved in many ways, but I still find violence in corners of the world, people being bullied for things they cannot change. I think if even a single good person was put in charge of the world, it could be a much better place. I also think we all have the chance to be that person. Humans fight wars, and obtain meaningless objects only to lose them in other, even more meaningless ways. I truly believe if we could all, even for just a moment, putting all our differences aside, come together to abolish the harmful ways of the world we have made, we might finally be able to live in peace.

Zaara Suhrawardy-8B

A World of Light: Peace, Dignity and Equality

Peace is kindness, soft and bright,
A world where hearts are full of light.
Dignity means we all are heard,
Respect for every voice, every word.
Equality is fair for all,
No one above, no one small.
Let's care for Earth, keep it clean,
For a better world, where love is seen.

Vanya Aneja-8B

A FACADE

A world where peace is a facade
And the ones whose voices are raised
Have never slept in a voiceless shadow
While those who do, watch and cower
Their needs forgotten and cast aside
Their hope and future lost and cast aside
Is no better than a war-torn world.

Nishka Singh-8B

Harmony's Call

Amidst a chaos, a soft voice sings
A melody of peace, of simple things.
The whisper of trees, the rustle of streams
Call us to heal, to build shared dreams.
Dignity blooms when we lend a hand
Equality rises like grains of sand.
Borders fade where love resides
Unity thrives and hope abides.
Let kindness lead, let hate withdraw
Answer the world with harmony's call.
Together we rise, together we stand
Nurturing peace for a healthy hand.

Aryaman Singh-8B

In the velvet sky so deep and wide
A shadow cloaks the moon's full pride
No gleam of silver, no radiant glow,
Just a quiet hush, where secrets flow.
The stars around her gently sway,
While she rests, in shadows play.
A crescent hidden, soft and still,
Awaiting light from the sun's goodwill.
A time to dream, a time to glow,
To plant new hopes where whispers go.
For though she's dark, she's full of grace,
A hidden treasure, in time she'll trace.

So when the night feels calm and bare,
Look for the moon, though she's not there.
In her silence, find your own tune,
For in the dark, begins the bloom.

Rahini Ranjan-8A

“Feathers of a Golden Bird”

India is called "the golden bird" of the world,
But people only see this sobriquet as a symbol of
materialistic wonder.

It is about time for all of us to learn,
About the depth of India's culture.
The designs of cultural significance,
In every kurta and saree.
Our actions and beliefs exhibit munificence,
And we believe in living in harmony.
A culture of freedom of thoughts and beliefs,
And not supporting hateful crimes.
Equality for all within our culture is a recurring motif,
Supporting our loved ones through tough times.
However much of an atheist you may be,
We still welcome you with open arms to our s o c i e t y .
It is your choice of what to believe,
What matters most is your morality.

India has never been known for its materialistic ideals,
Rather for its prominent culture and rich history.
The people who are cognisant of our culture never try to
conceal,

Our outer-worldly art and profound literary.
In the near future we hope to see our golden bird fly high,
And reclaim the momentousness it once possessed.
We wish for the bird to be more luminescent than ever
before ; like sunshine,
Ergo we recognise this land to be the world's numinous
address.

India is known as "the golden bird" of the world,
Not merely for its wealth but for its rich culture.
From this poem we can all learn,
That we all are consolidated at a moral juncture.

Atharva Singh-8 A

The Power of Small Habits

We all have big dreams-acing exams, learning a new skill, or becoming better athletes. But it's easy to feel overwhelmed by huge goals. What many of us don't realize is that meaningful change doesn't have to come from big, life-altering decisions. It often starts with small, consistent habits.

Take the “1% improvement” rule: if you improve by just 1% every day, you'll be 37 times better after a year! So the trick here is to stay consistent.

The beauty of small habits is that they're manageable and adaptable. They can fit into any routine without disrupting your day. By focusing on these tiny changes, we can build momentum and gain confidence as we move toward bigger goals.

So, instead of waiting for the perfect time to make a big change, start small today. Your future self will thank you for it. After all, it's not about perfection but persistence.

Bhavi Choudhary-XIC

Balancing Academics and Social Life

As a student in high school, it becomes increasingly difficult to find time to maintain your personal life. This is due to a variety of factors, mainly pressure for exams and stress about the future. I personally went through a stage where I devoted all of my time to studies, blocking out my social life to score well. The negative impact this had on my relationships with my family and friends was immense. Many people have seen the other side of the spectrum as well, where too much leisure time has affected their academics. Either way, one is being compromised for the other.

The root of the problem is often a lack of time management and understanding. Personally, consistency has been the key for me, along with a solid schedule. More than either of those, it is important that you put the effort in yourself. Without passion, everything feels like a task. It is natural to feel burdened by the expectations of others or your own. Finding a middle ground is one of the hardest things to do, but once done, it can make your life far easier and happier. Never give up your social life or studies for the other. They both shape you as a person in the future.

Enya Chandra-XIC

Stronger Together, Fiercer Forever

Unity is what keeps us together,
 A force that makes us stronger than ever. It's not just about
 standing side by side,
 But lifting each other, with strength and pride.
 In life, like in sports, we play as a team,
 Chasing a vision, chasing a dream.
 Victory isn't just in the score we see,
 But in the lessons that set us free.
 Each match begins with a steady mind,
 A heart that's focused, a spirit aligned.
 Table tennis taught me more than the game, Discipline,
 patience, and pushing through pain.
 It's in the way we serve, in the way we fight, In the endless
 rallies, in holding on tight.
 Some days we lose, some days we win, But unity keeps us
 rising again.
 A leader isn't one who stands alone,
 But one who lifts others and helps them grow.
 As a player, a friend, and a voice to guide,
 I lead with teamwork, I lead with pride.
 Even when struggles try to break our way,
 We stand together, come what may.
 For true strength is never just one alone, But in bonds we
 build, in seeds we've sown.
 Sports teach us values, far and wide, Resilience, respect,
 and standing with pride. A loss today is not the end,
 But a lesson learned, a chance to mend.
 I've fought my battles, stumbled and fell,
 Faced moments of doubt, stories to tell.
 But through every setback, I found my way,
 With courage to rise, come what may.
 So let's join hands and see what we can do,
 For unity is a journey, a path to pursue.
 In games, in life, in all we embrace,
 Together, we rise, with fire and grace.
 For every step, every dream, every fight,
 Leads us to something beautifully bright.

Naina Batra-XI C

BEHIND THE SCREEN

We're living in a delusion.
 Living in other's lives.
 Imitating their pictures,
 their "aesthetics", their smiles.
 Click, edit, filter, post.
 We live for validation online.
 Scrolling for hours at end,
 watching their 'reality', where's mine?
 Addicted? Yes, addicted.
 Stuck in an endless loop.
 The six on the clock becomes nine.
 We're scrolling, still scrolling,
 until the eyes sink and droop.
 Scrolling, still scrolling,
 four years have passed by.
 "You're just lazy. Get off the phone"
 "It's something important", we lie.
 Deactivated social media, deleted youtube.
 That leaves Quora to feed on.
 Our existence is fragmented
 into 30 second clips.
 The senses are dead, long gone.
 Everything is a blur, a faded strife.
 Desires remain; identities are lost.
 While we chase 'that' body, 'that' life,
 our essence is the cost.
 We're scrolling, still scrolling.
 Its a disease, and we're swept away.
 a ghost behind the lit screen
 living a lie, day after day.
 So we're scrolling, and scrolling,
 and still scrolling yet.
 The eyes are soar, fingers numb,
 while the fake becomes the true,
 and the reality we forget

Self-Motivation: Trick Your Brain Before It Tricks You

Self-motivation is like trying to get out of bed on a Monday morning—painful, but necessary. For students, it's the secret ingredient to surviving deadlines, acing exams, and avoiding last-minute panic attacks. But let's be honest, studying often loses to scrolling through memes or taking "five-minute" naps (which mysteriously last three hours). The trick? Outsmart yourself. Set tiny goals—like reading one page—because once you start, you might just keep going. Reward yourself like a dog learning new tricks: "Finish this chapter? Chocolate time!" Find a study buddy, preferably one who actually studies and doesn't convince you to binge-watch a show "as a break." Also, remember why you're doing this. In the future you will either be thanking yourself or wondering why you suddenly know everything about a Netflix series but nothing for your test. So, motivate yourself now—because procrastination is just future stress in disguise!

Vaanya Bhadwar-XI B

Peace is a blessing embrace it
 Peace is a blessing; hold on to it tight.
 In the stillness of morning or the silence of the night,
 Whether two nations can find a way to agree,
 Or you unleash nature by planting a tree.
 Peace is a blessing, a gift so precious and rare,
 It's in the love we proclaim and the laughter we share.
 It's in the quiet after a storm,
 In the embrace, So sensitive and warm;
 Peace is a blessing, a soft breeze,
 In the murmur of trees, in the rustling of leaves.
 It's a friend's smile, the end of a fight,
 The start of a brand-new day, so pure and bright
 Peace is a blessing, embrace it with care,
 In every small act, in every prayer.
 Whether near or far, let peace be your guide,
 In your heart, let it always reside.

Samridhi Nauhria- 9A

The Life of A Tree

A good college degree it does not acquire
 Good weather and water is all it desires.
 A tree is something of my life's biggest admires.
 Different shades of green and sometimes yellow and red.
 How it rustles its clothes in the wind.
 The sound so mellow
 Sometimes in the desert,
 None in the sea
 Shade for the roadside barbers who sit under the mango tree.
 Some people say that trees can talk
 How I wish to hear this chatter.
 I always think how clean hearted a tree is.
 Every atom, Every matter - it lives to provide.
 And one fine day I had a conversation with the trees.
 And they chant one thing and one thing only-
 "Stop cutting us please.
 For I provide you with shade, flower and fruit.
 And yet you cut every part of us, every branch, every root.
 I keep the environment clean.
 And give the birds their homes to sleep.
 Look at all those selfish people who chop us for their greed,
 And cut us in the name of modernization
 But forget that this will lead to your doom"
 So, My friends, Let's take a pledge
 Not to cut trees and plant at least one for our future.
 Just imagine what 140 million people of this country can do
 We can turn barren lands into complete greens.

Sahishnu Jamwal- 9A

The role of education in fostering global peace and environmental responsibility Education place a vital role in shaping the harmonious structure of society and forming a sustainable world. As we promote global peace, skills and values such as tolerance and culture and cultural understanding, all which are essential for resolving conflicts and building inclusive and just society and work collaboratively towards a shared goal. Environment responsibility is another crucial thing to focus on education raise awareness about climate change, conservation and sustainable practices. This empowers individuals to make self -informed choices and further protect the future generations. This ensures that all citizens remain compassionate, responsible and educated to ensure global peace and a thriving planet.

Kavya Srivastava-9A

A New Dawn

A world in balance, a hopeful sight,
 Where equity's flame burns ever bright
 A future where green shoots bravely rise
 Beneath a sky of endless skies.
 No longer bound by chains of old,
 A story new, a story bold.
 Where every voice, a chorus clear,
 A symphony of hope drawing near.
 Let's paint the canvas, with colours true,
 A world renewed, a vision new.
 Where harmony echoes a gentle sound,
 A planet healed, our sacred ground.

Ekakshi Kaul-9B

Redefining Progress: Sustainability and Equality as Cornerstones of the Future

In today's fast-paced world, progress is often measured by economic growth and industrial development. However, true progress lies in sustainability and equality. A future built on these principles ensures that resources are preserved for future generations while guaranteeing fairness for all.

Environmental degradation and social inequality go hand in hand. Pollution, deforestation, and climate change disproportionately affect marginalized communities, widening the gap between the privileged and the underprivileged. Sustainable practices such as renewable energy, responsible consumption, and green technology can create a balanced world where both nature and humanity thrive.

Equality must also be prioritized—fair wages, access to education, and inclusive policies can empower individuals and reduce disparities. By redefining progress to include sustainability and equality, we pave the way for a healthier planet and a just society, ensuring a brighter future for generations to come.

Aakarsh Sharma-9B

Seeds of Unity

Nurture peace in every breath,
A calm resolve to conquer death,
Let hearts unite, let voices blend,
In harmony, the world can mend.
Dignity, a flame we share,
A gift for all, beyond compare,
No one should bow, no soul should break,
Together, we stand for each other's sake.
Equality, the thread we weave,
A tapestry where all believe,
No hand too small, no dream too vast,
In fairness, we rise, together steadfast.
For a healthy world, we plant today,
With love and care, we pave the way,
From every seed and every plea,
A future strong, for all to see.
So let us nurture what's pure and bright,
And stand for justice, truth, and light,
For peace, for dignity, for all
Together, we answer nature's call.

Shagun Mishra-9B

Nurture Peace, Dignity, and Equality

Beneath the sky so vast and blue,
A vision calls, both clear and true.
To heal the world, to plant a seed,
Of peace and love in thought and deed.
Let nations rise, their hands entwined,
In harmony, all humankind.
No room for hate, no space for war,
Together we can do much more.
For we are all the same inside,
Under different bodies, hearts collide.
In every soul, a common thread,
A shared humanity, where love is spread.

Rabbani Arora-9B

Nature

Equality, peace, and dignity are values that are closely interlinked and necessary for creating a harmonious world. Nature, in all its beauty and diversity, is a constant reminder of the delicate balance that sustains life. It provides everything we need—air, water, food—and yet, it's vulnerable to the harm we cause through pollution, deforestation, and over consumption. By respecting nature, we honour its gifts and recognize our responsibility to protect it for generations to come. This respect for nature is also a form of dignity—treating the environment with care reflects how we value both the planet and ourselves. Peace, in turn, is the foundation for all these values. It's more than the absence of conflict; peace is about understanding, cooperation, and kindness. It means settling differences amicably, listening to other people, and working together for the common good. When we practice peace, we don't only build stronger relationships but also help in nurturing a sense of dignity, acknowledging that every human being counts. Dignity, both in us and in them, calls for respect and justice. It calls for recognising rights, feelings, and value in every person irrespective of origin or condition. Together, nature, peace, and dignity teach us to live with integrity, respect, and compassion. This is how, by honouring those values, we can build a more just, sustainable, and peaceful world for all, respecting the rights of everybody on earth and care for the earth.

Pranshi Anand-9B

Seeds of Change

A world once bright, now shadowed deep,
Where greed and haste their vigil keep.
A call to rise, a plea to mend,
A future's hope, a worthy end.
Let's sow the seeds of change today,
In fields of green, where hope does stay.
With gentle touch and wilful heart,
A sustainable world, a brand new start.
Equality's bloom, a radiant sight,
Where every soul shines ever bright.
A planet healed, a future fair,
A world united, beyond compare.

Atulya Kaul-9B

EMPTY CROWN

Woke up today, mirror's a stranger,
Chasing shadows, fighting the danger.
Thoughts like storms, I wear my frown,
Lost my smile, lost my crown.
Remember those nights, dreams in the sky?
Promised myself, I'd learn how to fly.
But every step feels heavy, I'm stuck on the ground,
Finding my voice, but I'm breaking down.
I'm more than the weight of all my regrets,
Gonna rise from the ashes, no more debt.
I'll scream from the rooftops, claim my own name,
Independence is my fire, I'll fan the flame.
So here's to the nights, I felt so low,
I'll break every chain, I'll let it all go.
With every step forward, I'm taking my throne,
In this kingdom of mine, I'm finally home.

Delisha Nair-IX C

The Song of Hope

In the darkest of nights, filled with fear,
A glimmer of hope is always near,
In eyes that search the starry skies,
Strength to face the unknown lies.

With every heartbeat brave and true,
Don't give up, when not sure what to do,
For when the odds are burning bright,
Find the courage to embrace the night.

For every step is a test of will,
Facing fears, that would make you still,
So, listen to the tiny voice that whispers in your mind,
With hope and faith, a guiding star you'll find.

In moments when the shadows loom,
And doubts within, begin to bloom,
Gather strength from within,
To face the storm and bravely win.

For flickers of hope in eyes, so keen,
Illuminate the darkest scene,
With dreams that weave tapestry,
With hues of courage, hope and destiny.

In every trial, every test,
Prove that hope outshines the rest,
With bright and steadfast grace,
Tread the path of honest ways.

But, through it all, in the darkest nights,
Hold on to hope's guiding light,
So, let the tale forever sing,
Of how you conquered, rose and flew with wings.

मेरी प्रिय ऋतु

ग्रीष्म ऋतु में हमें छुटियाँ मिलती हैं।
ग्रीष्म ऋतु में हम घूमने जा सकते हैं।
इस ऋतु में मेरे भाई और बहन एकत्रित होते हैं और बहुत अच्छा लगता है।
इस मौसम में हमें आइसक्रीम खाने को मिलती है।
छुटियों में हमें नाना नानी के घर जाने को मिलता है।

प्रिया आनंद-३ स

मेरी प्रिय ऋतु वर्षा है।
वर्षा ऋतु गरमियों के बाद आती है।
वर्षा ऋतु के आने पर गर्मी से राहत मिल जाती है।
किसान बहुत खुश होते हैं क्योंकि उनकी फसलें हरी-मरी हो जाती हैं।
बारिश आने पर मैं अपने दोस्तों के साथ इस ऋतु पर खुशियाँ मनाती हूँ।

आरना शील-३ स

मेरी प्यारी गर्मियाँ
लाती ढेर सारी छुटियाँ
याद दिलाती दादी - नानी का गाँव शहर
लूडो कैरम चौस का खेल चलता पूरी दोपहर
सूरज देवता भी अपने तेवर खूब है दिखाता
पूरा दिन खेलना हमको भी है भाता
खीरा, ककड़ी, तरबूज खूब हैं खाते
ठंडी - ठंडी आइसक्रीम के भी मजे उठाते।

माहिका-३ स

प्रकृति हमारी कितनी प्यारी

प्रकृति हमारी कितनी प्यारी,
सबसे अलग और सबसे न्यारी
इतना अच्छा है संसार
उसमें हैं पौधे, नदी और पहाड़
देती हमको बहुत सी सीख
उनको समझ, करो काम ठीक
मिलजुल कर रहे हम साथ
तभी बनेगी बात।

अनाहिता जुगरान-४ अ

प्रकृति हम सब की माँ है। यह ईश्वर का दिया एक अनोखा उपहार है। हर दिन विश्व के हर कोने में इसका नया और सुन्दर रूप दिखता है। कहीं पहाड़, कहीं नदियाँ, झरने, तालाब, विभिन्न प्रकार के जीव, पक्षी और रंग-बिरंगी वनस्पति जंगल, सूर्य, चन्द्रमा, धरती, जल, आग, वायु और आकाश इसके ही अंग हैं। हमें इसको सुरक्षित रखना चाहिए और इसके हर अंग से जीवन जीने की कला सीखनी चाहिए।

आश्वी सूरि-४ अ

प्रकृति हमारी जिंदगी का हिस्सा है जो हमें हमेशा खुश और शांत रखती है। पेड़ों की ठंडी छाँव, रंग बिरंगे फूलों की खुशबू और नदी तालाबों का मीठा ठंडा पानी ये सब हमारे मन को खुशी देते हैं। प्रकृति हमें न केवल शारीरिक रूप से ताकत देती है, बल्कि मानसिक शान्ति भी देती है। अगर हम इसका सही तरीके से ध्यान रखें तो यह हमें न सिर्फ जीवन में खुशियाँ देती है बल्कि हमारे पर्यावरण को भी संतुलित रखती है। हमें प्रकृति को बचाकर रखना चाहिए ताकि आने वाली पीढ़ियाँ भी इसका आनंद ले सकें।

विवान शर्मा-४ अ

मेरी प्रिय ऋतु

मेरी प्रिय ऋतु बसंत ऋतु है क्योंकि बहुत रंग बिरंगे फूल खिलते हैं, प्राणी नव जीवन पाते हैं, पेड़ों पर कोमल पत्ते खिलते हैं और बसंत पंचमी भी मनाई जाती है। यह मौसम बहुत सुहावना होता है, न अधिक ठण्ड होती है और न ही बहुत अधिक गर्मी। वास्तव में मुझे यह ऋतु बहुत अच्छी लगती है।

वान्या द्विवेदी - ३ अ

सर्दी आई, सर्दी आई
ठण्ड की पहने वर्दी आई
सबने लादे ढेर सारे कपड़े
चाहे दुबले, चाहे तगड़े।
नाक सभी की लाल हो गई
सुकड़ी सबकी चाल हो गई
ठितुर रहे हैं, काँप रहे हैं,
दौड़ रहे हैं, हाँफ रहे हैं।
त्योहारों की लगी झड़ी
खाने-पीने की मौज बनी
कम्बल से निकला न जाए
आग सेंकना सबको भाये
सर्दी आई, सर्दी आई
खट्टी-मीठी यादें लाई।

सात्विका चौधरी ३ अ

मेरी प्रिय ऋतु का नाम वसंत ऋतु है। वसंत ऋतु में खेतों में पीले फूलों की बहार आ जाती है, प्राणी नव जीवन पाते हैं और पेड़ों पर कोमल पत्ते खिलते हैं वसंत ऋतु में हम वसंत पंचमी मनाते हैं। यह ऋतु फरवरी के माह में शुरू होती है और मार्च में खत्म होती है। वसंत ऋतु में मौसम बहुत ही सुहावना हो जाता है। वसंत ऋतु को ऋतुओं का राजा भी कहते हैं।

रेयांश श्रीवास्तव-३ अ

मेरी प्रिय ऋतु वसंत ऋतु है। इस ऋतु में जगह-जगह नए फूल खिल जाते हैं। चारों तरफ हरियाली छा जाती है। खेतों में पीले-पीले फूलों की बहार आ जाती है जिन्हें देखकर मेरा मन खुश हो जाता है। सुबह-सुबह पेड़ों पर पक्षियों की चहचहाट मन को भाती है। इस ऋतु में ही बहुत सारे नए-नए फूल खिलते हैं जो बगीचे की शोभा बढ़ाते हैं।

विराज चौधरी-३ ब

आई ऋतु शीत
लगती सच्ची मीत
हमको लगती सबसे प्यारी
ऊनी कपड़े, नींद प्यारी
ठंडा दिन और ठंडी रात
आनंद आता अच्छी बात
खूब खूब हलवा खाएँ
खुशियाँ मिलकर हम मनाएँ।

न्यासा रावत-३ ब

मेरी प्रिय ऋतु वर्षा है। वर्षा ऋतु हम सभी के लिये प्यारा मौसम होता है। यह जुलाई के महीने में आता है और सितंबर के महीने में जाता है। गर्मी के कारण जो नदी और तालाब सूख जाते वे फिर से बारिश के पानी से भर जाते हैं इससे जलचरों को नया जीवन मिल जाता है। वन-उपवन और बाग-बगीचों में नई रौनक आ जाती है। वर्षा ऋतु गर्मी से झुलसते जीव-जंतुओं को शान्ति एवं राहत पहुँचाती है। लोग वर्षा ऋतु का भरपूर आनंद उठाते हैं।

यशी चौहान-३ ब

प्रकृति हमारी सबसे प्यारी,
देती हमें अनमोल उपहार
पेड़—पौधे, पशु और पक्षी
इनसे बनता अपना संसार।
वनों में हरियाली छाई
चिड़िया गाना गाती है
रिमझिम बारिश की बूँदे,
सुन्दर ध्वनि बनाती है।
सूरज की किरणों से
खिलता है जग सारा
पर्वत की ऊँचाइयों पर,
बादलों का होता नजारा।
आओ करें हम इसकी रक्षा
सुन्दर स्वच्छ बनाएँगे
प्रकृति और विकास के बीच
संतुलन बनाएँगे।

निहारिका चंद्रा—४ ब

जीवन में यह बिल्कुल न्यारी
फल, फूल पानी देने वाली
इसके लिए रहेंगे मनुष्य आमारी
फूल महकते, नदियाँ बहती
यही तो है प्रकृति
यहाँ सूरज चमकता मनोहर
चौंद चमकता सुन्दर
यही तो है प्रकृति
यह कोमल भूमि और नीला अम्बर
यही तो है जीव जंतु का घर
जीव जंतु से यह भरी
यही तो है प्रकृति मेरी
ये तो है सबसे प्यारी।

आश्वी विवेक—४ ब

प्रकृति हमारी सबसे प्यारी
लगती है सबसे न्यारी
प्रकृति है कितनी सुन्दर
दिल होता गुलशन गुलशन
सुबह दिखते रंग—बिरंगे फूल
रात में चमकते तारे दूर
प्रकृति हमारी सबसे प्यारी
लगती है सबसे न्यारी

देव बैरागी—४ ब

प्रकृति बहुत प्यारी है,
कितनी सुन्दर न्यारी है
सबको जीवन देती है
बदले में कुछ नहीं लेती है
भरती जीवन में खुशहाली है
इसे पाकर सब भाग्यशाली हैं
पेड़—पौधे, पहाड़, नदियाँ, जंगल,
हवा आदि ये सब हैं जीवन का आधार,
प्रकृति को सुरक्षित रखा तो मिट जाएँगे
सारे विकार
प्रकृति का करो सम्मान
इससे बानी रहेगी हर चेहरे पर मुस्कान।

ध्रुव मेहरोत्रा—४ स

प्रकृति हमारी सबसे न्यारी
सबसे अलग और सबसे न्यारी
ऊँचे पर्वत बहती नदियाँ
हमें एक साथ रहना है सिखाते
दिन में सूरज की रौशनी से जग चमचमाता
रात में चँद की रौशनी से टिमटिमाता
हरे भरे पेड़—पौधे, सुन्दर फूल, बहते झरने
बनाते हमारी प्रकृति को सबसे न्यारी।

राघवी—४ स

हरी भरी धरती का आँचल
नीला आसमों प्यारा
कल—कल बहती नदियाँ देखो
जीवन की यह धारा
फूलों की खुशबू बिखर रही
पवन सुरीला गाए
मन को खूब लुभाए।

माहिरा गुप्ता—४ स

पर्यावरण सुरक्षा - हमारी जिम्मेदारी

हमारी ही है जिम्मेदारी
संसार में हो हरियाली ही हरियाली
पर्यावरण को बचाना है
धरती को हरा भरा बनाना है
कोशिश पूरी होगी अपनी
वादा है हमारा धरती से ये
पर्यावरण ने दिया हमें कितना प्यार
हम भी देंगे उसको, इसका पुरस्कार
धरती ही है सबसे प्यारी
सबसे सुन्दर, सबसे न्यारी।

आराध्या अग्रवाल—५ स

पर्यावरण कहने में एक छोटा सा शब्द है लेकिन ये बहुत जरूरी है। इसे गंभीरता से लेने की आवश्यकता है। अगर हम पर्यावरण की सुरक्षा नहीं करेंगे तो हमारे लिए मुश्किलें इकट्ठी हो जाएँगी। पर्यावरण हमारी मदद करता है। हमें साँस लेने के लिए ऑक्सीजन मिलती है। हमें इसे सुरक्षित रखना चाहिए। यह हमारी जिम्मेदारी है।

नैतिक—५ स

हमें पर्यावरण का ख्याल रखना चाहिए। ये हम सभी की जिम्मेदारी है। हमें इसे बनाकर रखना चाहिए। पेड़—पौधों को पानी देना, पेड़ों को न काटना कचरा इधर—उधर न फेंकना आदि बहुत सी बातें हैं जिनकी तरफ हमें ध्यान देना चाहिए। प्रकृति ही हमारे लिए सब कुछ है, इसको सुरक्षित रखना हमारा कर्तव्य है।

रियान भसीन—५ स

पर्यावरण हमारा है
पर्यावरण सबका है
उसकी सुरक्षा करनी है
पेड़, पौधे, पहाड़, नदी
दुनिया लगती सुन्दर बड़ी
क्यों करते हो इसे खराब
करो सुरक्षा इसकी जनाब
पर्यावरण की सुरक्षा करनी है
ये जिम्मेदारी अपनी है।

आर्या भटनागर—५ ड

हमें अपने पर्यावरण को बचाने की जिम्मेदारी उठानी चाहिए, अगर हमने इस ओर अज्ञानता दिखाई तो इसका परिणाम ठीक नहीं होगा। पर्यावरण हमारे लिए बहुत जरूरी है। हमें पेड़ों को बिना आवश्यकता के नहीं काटना चाहिए बल्कि और पेड़—पौधे उगाने चाहिए। गाड़ियों का कम प्रयोग करना चाहिए। हमें पर्यावरण बचाना होगा क्योंकि यह हमारी सबसे बड़ी जिम्मेदारी है।

आर्यश त्यागी—५ ड

पर्यावरण सुरक्षा —हमारी जिम्मेदारी है। हमें अपनी जिम्मेदारी पूरी तरह निभानी चाहिए। जितना हो सके उतने अधिक पेड़ लगाने चाहिए। हमें पशु पक्षियों का भी ख्याल रखना चाहिए। हमें अपने पर्यावरण को गन्दा नहीं करना चाहिए क्योंकि अगर हम पर्यावरण का साथ देंगे तो ये हमारा साथ देगा। अतः हमें पर्यावरण को बनाकर व बचाकर रखना होगा।

आजल बंसल—५ ड

पेड़ लगाएँ, धरती बचाएँ
स्वच्छ हवा का वरदान पाएँ।
हरियाली से जीवन सजाएँ,
पर्यावरण को सुंदर बनाएँ।
नदियाँ गन्दी न होने दें,
पानी को यूँ न खोने दें।
हर बूँद की कीमत जानें,
जल बचाकर जीवन बचाएँ।
आओ सब मिलकर कदम बढ़ाएँ,
पर्यावरण को हरा—भरा बनाएँ।
यह धरती हम सब की शान,
इसका करें सदा सम्मान।

अहाना शर्मा—५ अ

पर्यावरण शब्द दो शब्दों से मिलकर बना है, परिआवरण। परि अर्थात् 'चारों ओर' और आवरण का अर्थ है 'घेरे हुए'। हमारे चारों ओर फैले आवरण को ही पर्यावरण कहते हैं।

आजकल पर्यावरण बहुत दूषित हो रहा है क्योंकि पेड़ काटे जा रहे हैं। पर्यावरण की रक्षा करना हमारी जिम्मेदारी है जिससे आने वाली पीढ़ी सुरक्षित रहे।

प्रदूषण न फैलाएँ, पेड़ न काटे, वाहनों का उपयोग काम करें यह सब करके यह पूरी दुनिया सबके लिए अच्छी जगह बन जाएगी।

दीपिका शर्मा —५ अ

पर्यावरण की रक्षा करना हमारी जिम्मेदारी है। हम मनुष्य यह जिम्मेदारी को पूर्ण रूप से नहीं निभाते हैं। पर्यावरण को चोट न पहुँचाने के लिए प्लास्टिक का उपयोग बंद होना चाहिए और प्रदूषण को समाप्त करना होगा। अनेक प्राणी पृथ्वी के संसाधनों पर निर्भर हैं इसलिए हमें इन संसाधनों का ध्यान से उपयोग करना होगा। वाहनों का उपयोग कम करना होगा, थोड़ी दूरी पर जाने के लिए हम कार पूल से जाना चाहिए। जानवरों का शिकार नहीं करना चाहिए और उनके घर (जंगल) को नहीं काटना चाहिए। पानी का सदुपयोग करना चाहिए अन्यथा पृथ्वी नहीं बचेगी।

प्रत्युषा वर्मा —५ अ

पर्यावरण की रक्षा करना हमारी जिम्मेदारी है। अगर हम पर्यावरण को अभी से बचाना शुरू करेंगे, तो आने वाली पीढ़ी को रहने के लिए एक साफ—सुथरी रहने की जगह मिलेगी। दूसरे शब्दों में मानव, वनस्पति, पशु—पक्षी सहित सभी जैविक और अजैविक घटकों के समूह को पर्यावरण कहते हैं। इसमें हवा, पानी, मिट्टी, पेड़, पहाड़, झरने, नदियाँ आदि सभी आते हैं।

पर्यावरण को सुरक्षित रखने के लिए हमें अपने घर से ही शुरुआत करनी होगी जैसे — हमें ज्यादा से ज्यादा पेड़ लगाने होंगे, हमें टिश्यू पेपर की जगह साफ रुमाल का प्रयोग करना चाहिए, जब काम न हो तो बिजली का उपयोग न करें। इन उपायों से अगर हम चलें तो हम पर्यावरण को बचा पाएँगे हुए इस तरह से एक अच्छी जिंदगी जी सकते हैं।

पर्यावरण को बचाओ

अच्छी जिंदगी पाओ

हमारे पास नदी है और पानी

उनकी तरह होना चाहिए दानी

न करो अपनी मनमानी

आयरा रिजवी —५ ब

हमारे आस—पास पाए जाने वाली सभी वस्तुएँ पेड़ — पौधे, जीव—जंतु, हवा, मिट्टी, मानव आदि मिलकर पर्यावरण का निर्माण करते हैं। हमें स्वस्थ रूप से जीने के लिए जिन चीजों की जरूरत पड़ती है, वो पर्यावरण हमको देता है लेकिन मानव ने अपने लालच को पूरा करने के लिए पर्यावरण को इतना दूषित कर दिया है कि आज धरती पर सारे जीव—जंतु इसका परिणाम भुगत रहे हैं। लोग कारखाने और घर बनाने के लिए पेड़ों को नष्ट कर रहे हैं। हम पेड़ लगाकर और अपने आसपास को साफ रखकर पर्यावरण को दूषित होने से बचा सकते हैं।

पर्यावरण हमारे जीवन का आधार है और इसकी रक्षा करना हमारा कर्तव्य है।

अन्वी मित्तल—५ ब

पर्यावरण सुरक्षा विश्वास का विषय है जो हमारे प्राकृतिक संसाधनों की रक्षा करता है। यह मानव और सभी प्राणियों के जीवन के लिए आवश्यक है। पर्यावरण की सुरक्षा के लिए हमें सरकार व अन्य संगठनों के साथ मिलकर काम करना होगा। इसके लिए सबसे पहले हमें पर्यावरण के प्रति लोगों को जागरूक करना होगा और बताना होगा कि कैसे छोटे—छोटे प्रयासों से हम पर्यावरण की रक्षा कर सकते हैं—जैसे कि

पेड़ लगाने चाहिए।

प्लास्टिक का उपयोग न करें।

बिजली और पानी का सदुपयोग करें।

विषैली गैसों पर्यावरण में न छोड़ें।

सार्वजनिक वाहनों का उपयोग करें।

प्रिशा माहेश्वरी —५ ब

सुरताल अभिव्यक्ति

कड़कती धूप सर पर मंडराए
 क्यों ये धरती का निखार छुपाए
 पानी की बूंद- बूंद की लालत छाई
 क्यों इसमें धरती को सूखी बनाईस
 आज तो धूप में जाना है किराने का सामान लाना हैस
 अरे हों पता नहीं कब हमें इस भयानक गर्मी से छुटकारा मिलेगास
 इतना क्यों है टेंशन छायास
 अब नहीं भटकेगा हमारे सिर पर गर्मी का सायास
 तीनों निकले एक साथ, गाड़ी में जा बैठ
 थके हारे वापस लौटे, पैसे को दे किराने के सेठ को
 उफ! आजकल कितनी गर्मी हो गई है।
 हों, वो दिन भी क्या दिन थे जब ठंडी हवा बालों को सहलाती थी।
 मुझे लगता है कि हमें बदलते मौसम का रूप नजरअंदाज नहीं करना चाहिए
 धरती की आती आवाज को रोकना नहीं चाहिए।
 आओ दिखाएं तुम्हें धरती की आवाज रोकने का परिणाम, धरती को तबाह करने
 का दाम समय का चक्र घूमाकर देखो भविष्य का बनता नरक तुम देखो बदलते
 जीवन का रूप तुम देखो।
 समय का चक्र घूम गया हैस जीवन का रूप बदल गया है भविष्य देखने के लिए
 तैयार हो जाए अगली पीढ़ी को तुम्हारी बनाई हुई दुनिया में घुटते देखकर तुम
 भी थोड़ा रुक जाओ।
 ताजा-ताजा पानी ले लो हवा- वायु का मजा ले लो, ले लो ले लो
 अरे भाई इतनी क्यों है महंगाई छाई जैसे जलवायु नहीं बल्कि बिक रही हो सोने
 की रजाई।
 बहन जी, अब दिन ही कुछ ऐसे हैं कि जलवायु की कीमत सोने से बढ़कर है पर
 इससे कम की हम आपको बोल नहीं दे सकते।
 आइए - आइए ! इतिहास के पन्नों से निकला एक अजूबा देखने आइए
 चलो ना मम्मी संग्रहालय चले, इतिहास का एक अजूबा देखें।
 ठीक है।
 इतिहास का नगमा पेश है आपके सामने सिर्फ 4000 में इतिहास में यह यंत्र
 जनता को फल और हवा देता था पेश है आपके सामने पेड़ !
 बरसों पहले एक नन्हा बीज धरती में जा पेड़ बना पानी, खाद थोड़ा दुलार
 पाकर देखा वह खूब तना खिलकर डालियाँ जब लहराई। संगीत सुमधुर हर ओर
 छिड़ा सावन में झूलों की पेंग बढ़ा था सात सुरों के साथ खड़ा।
 हे राम! अब तक हम कर रहे थे गलतियाँ नजर अंदाज, पर इनका तो परिणाम था
 एक अलग ही अंदाज।
 नहीं रखा हमने इस धरती जलवायु का ख्याल अब हो गया है हमारा जीवन
 बदहाल स
 काश लिए होते हमने कुछ कम इस वातावरण को बचाने के लिए, यह धरती
 होती खुशहाल आने वाली सदियों के लिए।
 इससे बेहतर था हमारा खुशहाल बीता हुआ कल इसलिए हमें बनाना चाहिए
 धरती का ध्यान रखने का दल।
 उड़ते पंछी का बना घोंसला हर राही को था छाँव दिया था मग्न तपस्वी के
 जैसा अपने हर कण का दान किया।
 सॉस में घलता है धुआँ हर पल,
 धरती माँ कहे बेटा संभल
 फिर एक समय वह भी आया जब उसने बस विषपान किया कट कर गिरा वह
 धरती पर रोया, चिल्लाया शांत हुआ उसका ही अभिशाप तुझे तू जाग! कि अब
 ना सोया रह साँसो को यूँ न घटने दे अनमोल बढ़ा है यह जीवन इसकी सत्ता न
 मिटने दे।
 फिर से बने यह धरा सुंदर हरियाली के रंग सजे जीवन खुशहाल रहे सब का
 एक-एक फिर पेड़ लगे।
 पर दोस्तों हम सब यह बदल सकते हैं धरती को फिर से हरा भरा कर सकते हैं।
 आओ मिलकर प्रण करें

मनुश्री-छठी 'ब'

पर्यावरण का बदलता रंग
 हरे भरे जंगल, अब सूने पड़े हैं,
 कोयलों के गीत, मौन खड़े हैंस
 झीलों का पानी, मैला हो चला स
 मानव के कर्मों ने, सब कुछ छीन लिया
 पेड़ों की छाँव, अब कहीं नहीं दिखतीस
 बंजर हो गई है, धरती की ये बस्ती
 हवा में घुल गया, जहर का ये संग्रामस
 कैसे बच पाएगी, ये प्यारी सी जमीन का धाम
 अब भी समय है, सुधर जाओस
 धरती के धावों को मरहम लगाओ स
 पेड़ लगाओ, जल बचाओस
 पर्यावरण की रक्षा में अपना कर्तव्य निभाओस
 वरना वो दिन दूर नहीं,
 जब ये धरा, एक सूनी याद बन जाएगी और मानवता अपनी ही गलती पर आँसू
 बहाएगी, पर क्या फायदा तब पछताने का?

शनाया शुक्ला-छठी 'ब'

शिक्षा के मंदिर बनवाएँ,
उसमें ज्ञान का दीप जलाएँ।
जो अंधकार अज्ञानता ने फैलाया,
उसको मिलाकर दूर भगाएँ।
जो इस मंदिर में आए,
वह जीवन कौशल ज्ञान अतः सब पाए।
भ्रष्टाचार, प्रदूषण जनसंख्या जो भी सब विकार,
शिक्षा ही है, इन सब का उपचार।
शिक्षा से लाएँगे हम सब बदलाव,
यह ही है हमारे देश की उन्नति का सुझाव।

आरना सिंगला – सातवीं 'अ'

अधिकार जताने की साजिश को कुछ ऐसे नाकाम किया,
घर में आए दुश्मन का वीरों ने काम तमाम किया।
होगा अपना कश्मीर जिसने यह ख्वाब सजाया था,
मांग रहा था माफी उस दिन वह घुटनों पर आया था।
शायद उसने सोचा होगा हिंदुस्तानी डर जाएँगे,
लड़ने की खातिर ना कभी वो अपने कदम बढ़ाएँगे।
मगर हमारे योद्धाओं ने उन्हें ऐसी धूल चटाई थी,
कुछ ही दिनों में उनकी अक्ल ठिकाने आई थी।
लड़ते-लड़ते शहीद हुए भारत माँ के कुछ लाल,
अंत समय तक बन रहे, भारत माता की ढाल।
एक बार फिर से हमने दुश्मन को मार भगाया था,
कारगिल की चोटी पर तिरंगा शान से लहराया था।
विजय दिवस पर वीरों की हम कुर्बानी याद करें रहें,
सलामत वीर हमारे मिलकर ये फरियाद करेंस

अथर्व बाजपेयी – छठी 'अ'

राह कठिन हो, धूप कड़ी हो,
आंधी आए, बिजली गिरे हो, फिर भी चलना, मत घबराना,
सपनों को तुम सच कर जाना।
गिरोगे तो उठना सीखो,
अंधियारे में दीप जलाओ, मुश्किल जितनी आए राह में, उतनी ही हिम्मत
बढ़ाओ।

हर असफलता एक सीख है, हिम्मत रखो,
न डरना कभी, अधूरी कोशिश व्यर्थ न जाए, संघर्ष करो, रुको न कभी।
वान्या खोखर-आठवीं 'अ'

भारत मेरा देश महान
भारत मेरा देश महान।
हम को है इस पर मान ॥
यह रंगों से भरा और त्योहारों से खिला
भारत मेरा देश महान हम को है इस पर मान ॥
यहाँ सबसे प्राचीन है संस्कृति,
और विकसित है सभ्यता
हमने विश्व को दिया दशमलव का ज्ञान हम हैं विश्व के सबसे बड़े लोक तंत्र।
यहाँ अनेक भाषाएँ, धर्म, जाति में न कोई अंतर,
भारत मेरा देश महान हम को है इस पर मान घ
हम जिस पर जान कुर्बान करते हैं, इसे हम देश नहीं माँ कहते हैं।
कशिश बंसल-सातवीं 'ब'

Learning in unison with nature is always a bliss...

Unceased adrenaline Rush at Rocksport Adventure Camp

BHIS learners of grades 9 and 11 visited the Bharat Shiksha Expo 2024, an event showcasing innovations in education and career opportunities on 11 November 2024. The visit aimed to expose learners to advancements in educational tools, emerging fields, and higher education pathways.

ANNUAL SPORTS DAY

Annual Sports Day was held at BHIS Noida with great zeal and enthusiasm. The event saw the School Council Heads and House Captains as flag bearers that marched to the synchronised beats of the drum with their heads held high, displaying discipline and unity as they led the ceremonial parade.

Annual Inter House Trophy Results

Peace - Winner

Unity - Runner Up

Equality- Winner

BHIS Noida proudly hosted the Inter school U-10 Football Winter Games Championship on 4 & 5 March 2025. Almost 12 schools from Noida and NCR participated in the event. It was a spectacular showcase of sportsmanship, teamwork, and talent, with learners competing in a spirited competition across various disciplines. The event fostered camaraderie and determination, leaving everyone inspired by the passion and dedication displayed on the field.
Results: Winner- Shiv Nadar, Runners Up - Kothari International School, Billabong High International School

Our young learners at Billabong High International School Noida had an incredible day honing their skills on the greens at Godrej Golf Links, Greater Noida! Under the guidance of experienced instructors, students learned the art and techniques of golf, discovering the balance, focus, and patience that make this game unique.

Young learners of Kangaroo Kids participated in the Dronacharya International sports foundation organised by Roller skating championships at Yamuna Sports Complex and won 2 Gold and 1 Bronze medal - Ronav Negi Gold 300mtr (3rd); Rudvika Thakkar 300 mtr bronze (KG); Sanvi Negi 300mtr Gold (Nursery)

Sport	Position

German Unity Day

known as Tag der Deutschen Einheit is celebrated on October 3rd. It marks the reunification of Germany in 1990. When East Germany (the German Democratic Republic) and West Germany (the Federal Republic of Germany) became one country again. This was the first time Germany had been united since 1945, after being divided during and after World War II. Since 1990, October 3rd has been Germany's National Holiday, celebrating this important event in the country's history.

Deutsche Landeskunde Festivals

Deutschland ist mehr als ein tausend (1000) Jahre alt. Es ist in Europa und es Hauptstadt ist Berlin. Es ist ein Land voller feste und Freude. Oktoberfest ist jährlich fest von Deutschland. Es dauert für zwei Wochen. Sommerbraten ist National Essen von Deutschland. Die Hauptattraktionen sind die Bierhallen, in denen verschiedene Brauereien ihre speziellen Bier ausschenken und Bands Musik machen. Deutsches National Kleid von Frauen ist Dirndl. Deutsche Feste sind -

* Reeperbahn -> Dies ist Europas größtes Clubfestival und eine bedeutende internationale Plattform für Pop-culture. Es findet jährlich in Hamburg statt. Sie findet in der Regel im September statt.
* Conaltiere -> Die Gala ist auch als Stuttgart Bierfest bekannt. Es ist ein großes und lebendiges Volksfest.
* Rhein -> Es findet entlang des Rheins statt. Es bietet eine Reihe atemberaubender Feuerswerke und Beleuchtungen, die die Umgebung erhellen. Sie sind sehr interessant. Durchschnittlich in 500 Jahre alt fest von Deutschland. Deutsches fest von Farben ist Rot. Deutsches National Farben ist schwarz, rot und gold. Deshalb, Deutsche Fahne ist im drei Farbe. Es ist wirklich ein wunderbares Land !!!

LET'S

Social Science Conclave: A Journey Through Perspectives and Possibilities

The Social Science Conclave, conducted by esteemed educators, brought together diverse discussions on crucial socio-economic, historical, and geopolitical themes. The event aimed to deepen understanding and build informed perspectives on pressing global and regional issues.

Key sessions included Forensic Accounting: Detecting Financial Crimes, shedding light on financial fraud detection, and How DOLLAR is Killing the Indian Rupee | Trump vs Indian Economy, analyzing global economic influences. Discussions on India's Rise as a Geopolitical Power in South Asia highlighted the country's growing strategic influence.

The conclave also explored cultural and artistic heritage through topics like Royal and Aristocratic Life in Mewar Miniature Paintings and The India Tribal and Folk Paintings. The session on History on a Plate: Tracing India's Culinary Heritage connected food with historical narratives. Additionally, the role of technology in development was discussed in Role of GIS in Sustainable Development.

By weaving together history, economics, art, and technology, the conclave provided a platform for critical thinking, enriching everyone's perspectives on India's evolving position in the world.
